## FOREWORD.

The report covers the period from the 1st October 1924 to 30th September 1925. Major (now Lt.-Colonel) Biscoe was in charge of the minority administration throughout this period. I relieved him in March 1926 and am temporarily in charge of the administration pending arrival of a permanent Political Agent.

The total receipts from all sources amounted to Rs. 6,17,677 as against Rs. 5,74,297 of the preceding year, an increase of Rs. 43,380 which was mainly due to better receipts under "Customs" and "Excise." The financial position of the State is sound as the year closed with a balance of Rs. 6,70,534.

The work of the revision of the land revenue settlement was in progress through-out the year and is now nearing completion.

The rainfall was good, prices were easy and trade was brisk as is shown by larger receipts from Customs.

His Highness the Maharawal continued to make satisfactory progress at the Mayo College.

The total income of the Municipality was Rs. 38,823 (including opening balance of Rs. 8,882) and the expenditure was Rs. 27,463.

The State Hospital continued to do good work under the management of Rai Sahib Chhagan Nath, Chief Medical Officer.

Timber worth Rs. 11,000 was supplied free to the villagers.

No dacoity was reported during the year. The general condition of the people was good. The report is satisfactory and reflects credit on the Diwan.

# Report on the Administration of the Dungarpur State for the Samvat year 1981=82 Bikrami, corresponding with 1924=25 A.D.

## PART I.

### GENERAL AND POLITICAL.

1. The State of Dungarpur lies in the south of Rajputana stretching over an area of 1447 square miles and situated between  $23^{\circ} 20'$  and  $24^{\circ} 1'$  North Latitude and  $73^{\circ} 22'$  and  $74^{\circ} 23'$  East Longitude. It touches Mewar on the North, Idar on the West, Lunawara, Kadana and Sant on the South and Banswara on the East. The distinguishing physical features of the State are its low ranges of hills overgrown with scrub jungle and drained by the Mahi with its feeders the Som, Majan, Vatrak, Bhadar and Moran. The population numbering 1,89,272, according to the last census, is scattered over 775 villages and 3 towns, the latter being the chief distributing marts of the State. The predominant Bhil element has taken either to agriculture or to service in the various departments of the State, and effort is being made to provide facilities for spreading elementary education amongst the Rhils.

General and  
Topographi-  
cal.

2. Fair weather roads provide the principal means of communication and most of the traffic is carried by means of pack animals and bullock carts. Tongas and motor-cars also ply. There are metalled roads in the capital. The nearest railway stations are Udaipur, 65 miles from the capital to the North and Taloa 70 miles to the South-West.

Communica-  
tions.

3. There are combined post and telegraph offices at Dungarpur, Sagwara and Galiakot, and departmental offices at Bankora and Sabla.

Post and  
Telegraphs.

4. The principal fairs in the State are :—

Fairs.

- (1) Benishwar, held at the confluence of the Mahi and Som rivers, and attended by a large number of devout Hindus from the State and from out-lying States as well.
- (2) Pir Fakhruddin fair at Galiakot to which come members of the Bohra community from distant places, and Bombay and Calcutta.
- (3) Bijaya Mela at the Capital, held in memory of His Late Highness. It has been organised on modern lines and is gaining great popularity amongst the people. An exhibition is held during the period of the Mela and indigenous products and works of art and skill carried out by the people of the State are exhibited. Cattle are also brought for show. Bhil Archery, School and Military sports find a place in the programme.

## Chapter III.

## REVENUE DEPARTMENT.

1. Sardar Pratapsingh remained in charge of the Revenue Department throughout the year. Charge.

2. The State covers an area of 1447 miles of which only a fraction is under the plough. There was no change in the number of villages which remained at 775. Of these 276 are Khalsa, 359 Jagir and 140 Muafi villages. About 80 new huts were erected on the fallow land of Saliat and Ambau Khalsa villages, and Gorada-Kaunpur-Nala and Ghensua-ka-Wanga under Wer. Area and Population or de-population of villages.

3. One Assami has migrated while 80 have newly settled. Immigration and Emigration.

4. Munshi Munnalal, the Assistant Settlement Officer worked hard under the supervision of the Diwan. The work was done at great speed and the staff finished during the year under review the verification of the soil of three fourths of the total number of villages and registration of the details of fifty villages. Settlement.

5. The Sub-joined table brings out a comparison between the demand and collections of the year under review with those of the last year. Demand and Collections.

Demand.			Collections.			Remarks.
Details.	1923-24.	1924-25.	Details.	1923-24.	1924-25.	
Land Revenue	1,63,985	1,65,171	Collections	1,63,964	1,65,409	✓
Arroars	914	727	Remission	208	353	
			Suspension	727	136	
Total	1,64,899	1,65,898	Total	1,64,899	1,65,898	

6. From the above statement it is manifest that only Rs. 136 remain to be recovered. The total receipts of the department amounted to Rs. 2,00,081 against 1,93,040 in the previous year.

Live Stock  
and wells.

7. A comparative statement of live stock and wells is given below :—

Year.	Wells.	Plough cattle	Sheep and goats.	Other cattle.	Population.	Remarks.
1923-24 ...	3,314	60,582	61,247	1,85,950	1,89,272	
1924-25 ...	3,319	65,872	59,712	1,50,173	1,89,272	
Increase ...	5	5,290	...	...	...	
Decrease ...	...	...	1,535	35,777	...	

Taccavi was advanced for the construction of 5 new wells. The year was particularly bad for live stock. Cattle disease and small-pox in virulent form broke out among them in some places at the end of the year and carried away a large number of cattle, sheep and goats as shown in the statement above.

Taccavi  
Advance.

8. The demand for Taccavi being small, it was advanced on a smaller scale than in the previous year as is shown in the following statement :—

Year.	Wells.		Bullocks.		Tanks.		Miscellaneous.		Remarks.
	No.	Amount.	No.	Amount.	No.	Amount.	No.	Amount.	
1923-24 ...	66	2,720	30	580	2	350	1	15	
1924-25 ...	5	485	22	400	...	...	...	...	
Increase ...	...	...	...	...	...	...	...	...	
Decrease ...	61	2,235	8	180	2	350	1	15	

Repairs were executed to only 2 wells because the Patwaries and supervising staff were busy helping in the Settlement Operations.

Commercial  
Crops.

9. The major portion of the population consists of hill people whose needs are limited, and as the railway, the most potent factor in bringing about a revolution in the lives and manners of a people and in giving an impetus to trade, is still Martian music to thousands, the people have failed to realize the true value of crops which serve as valuable commercial commodities now-a-days. Making as they do, enough 'to eat, drink and be merry', the Bhils and Patels have no desire to grow rich at the expense

of much physical labour. No pains are however spared to teach them to become a hardworking class of well-to-do agriculturists.

10. Not discouraged by the results which cultivation has hitherto given under the crude skill and untrained hand of the Local peasants the State distributed cotton seeds free of charge. The forces of nature however put to a severe test the agriculturists, for the early out-break of the monsoon this year did much damage to the cotton crop and the results were far from being an incentive to the indifferent Bhil. Cotton was sown in 201 acres against 80 acres of the last year. Tobacco and poppy were other commodities grown.

Cotton.

11. The following table brings out a comparison between the areas in which commercial crops were raised this year and in the preceding one:—

Crops.	1923-24 Acres.	1924-25 Acres.	Decrease or increase.
Cotton ... ..	80	201	121
Tobacco ... ..	222	90	— 132
Poppy ... ..	116	329	213

12. The decrease in acreage under tobacco was due to the early out-break of rains which made further cultivation of the commodity unprofitable. The increase under poppy resulted from the increase in licenses to growers.

13. The comparative statement below gives the number of mango and Mahua trees at the end of the year under report:—

Tree  
plantation.

Trees.	Number at the end of last year	Planted dur- ing the year.	Total.	Ruined during the year.	Thriving at the close of the year.
Mango ... ..	25,504	8,198	33,702	5,864	27,838
Mahua ... ..	25,560	4,386	29,946	5,134	24,812

14. 155 documents were registered during the year, bringing in Rs. 245-8-0 as fees, against 131 documents of the preceding year giving Rs. 282-8-0.

Registration.

Hired  
bullocks.

15. Epidemic disease amongst the cattle accounts for the slight increase in the number of bullocks hired by the ryots for agricultural purposes. It will, however, be seen from the sub-joined statement that the number of such animals during the last decade has mostly been on the wane—a fact significant of the increasing prosperity of the cultivator.

Year.	1915-16.	1916-17.	1917-18.	1918-19.	1919-20.	1920-21.	1921-22.	1922-23.	1923-24.	1924-25.
Number of hired bullocks.	1,090	736	767	616	847	991	1,150	1,451	560	793

Village  
Forests

16. This branch has more than justified its existence. It affords facilities to the tillers of the soil in obtaining timber free for agricultural implements, and has at the same time put some check on the destructive operations of the villagers whose ignorance of the value of forests has done much mischief to many a neighbouring jungle. Timber for huts is supplied at concession rates. Efforts are being made to put the work on a more organized basis.

Revenue  
Cases.

17. There were 318 cases left over from the preceding year. 474 were instituted in the year under report making a total of 792 in all. 490 of these were disposed of leaving 302 pending at the close of the year.

Camel  
Grazing.

18. 116 passes were issued by the Revenue department for grazing camels as against 91 issued last year. Revenue derived from this source during the year amounted to Rs. 4,330 as against Rs. 4,333 of the previous year, and was credited to the State Treasury under the head 'Forest.' 23 passes were issued free to the Jagirdars.

Rates of food  
grains.

19. The retail prices of the principal grains at the Capital were as follows:—

WHEAT.		MAIZE.	
January	July.	January.	July.
12 seers 8 chhataks per rupee Imperial.	14 seers 6 chhataks per rupee Imperial.	23 seers 7 chhataks per rupee Imperial.	26 seers 7 chhataks per rupee Imperial.

Maize is the staple food of the State.

General  
health.

20. The general health of the people was on the whole good.

Rainfall.

21. The season began with good timely rains. which however failed in the end. Two more falls would have enabled the cultivators to reap a bumper crop, but it was not to be. The average amount of 20.12 inches which fell was on the whole good and had a beneficial effect on the rates

of food grains which ruled easy throughout the year. Appendix No. I gives the rainfall as registered at the different rainguage stations in the State.

22. This department is under the control and supervision of the Revenue Officer. Three new Thikanas were brought under management and added to the number left over from last year making a total of 19. Six Thikanas were under Budget supervision of the department but two of them were released. Four orphans were also taken under the care of the Court of Wards and the cash with them was deposited in the Bank till the time they attain maturity, their relatives having undertaken to maintain them. A charge of 10 % is levied on the income of a Thikana to meet the expenses of the supervision and the amount realized this year was Rs. 4,225 against Rs. 3,500 during the last year. The actual expenditure incurred during the year was Rs. 3,010 against Rs. 2672-8-0 of the previous year and amounted to 71·2 per cent. of the income for the year against 78·06 per cent. last year.

Court of  
Wards.

23. Of the 19 wards under the direct management of the Court 16 are under 21 years of age. Seven of them are in the Biscoe Rajput Boarding House attached to the Pinhey School at the Capital. Five are receiving education in the village schools, one is studying at the Mayo College Ajmer, and three have left school.

Education  
of the Wards.

## Chapter IV.

### CUSTOMS AND EXCISE DEPARTMENT.

1. Since the amalgamation of the two departments under one charge in March 1924, the work has been steadily progressive. Munshi Kishorenath remained in charge as Superintendent of Customs and Excise through-out the year, and was assisted by Babu Chatturbhai.

Charge

2. The Customs Tariff is given in Appendix No. II.

Tariff.

3. The table on next page shows the export and import in Udaishahi maunds of the principal commodities :—

4. The income from the Customs department during the year as compared with that of the preceding year stands as follows:—

Details.						1923-24.	1924-25.
						Rs.	Rs.
Exports ... ..						1,62,073	1,75,671
Imports ... ..						31,113	38,065

Duty on opium ... ..						116	815
Contribution by Municipality and Forest						4,585	4,200
Total ...						2,11,346	2,33,989

After making deductions of Rs. 3,693 and Rs. 5,915 respectively, on account of forest dues, the net income comes to Rs. 2,28,074 against Rs. 2,07,653 of the last year.

5. The efficient work and control of the department is indicated by the fact that for the first time since its establishment the budget amount of income from Customs for a year was Rs. 2,03,260 and the actual receipts amounted to Rs. 2,28,074. The people took advantage of good crop of sesame and rape seeds and exported them on a large scale yielding an increase of Rs. 16,656 in duty. The main increase in income from import is shown under head tobacco and cloth which is an evidence of the growing prosperity of the people.

6. The following table shows the number of cases disposed of departmentally :—

Offence.	1923-24.	1924-25.
(a) Breach of Customs Rules ... ..	220	157
(b) Cruelty to animals ... ..	4	5
(c) Breach of grazing Rules ... ..	25	15
(d) Miscellaneous ... ..	...	1

There has been a steady decrease in the number of offences.

## (ii) EXCISE.

7. The contract for the distillation and wholesale supply of country liquor by Mr. Gaurishanker Lalaram of Indore was extended for a further period of 2 years and Mr. Rustomji continued to be his local Agent.

Distillery  
Contract.

8. A comparison between the distillation figures of the year under review and the previous one is given in the following statement :—

Production in L. P. Gallon .			Consumption in Gallon .		
Details	1923-24	1924-25	Details.	1923-24	1924-25
Opening balance ... ..	13,070	5,026.3	30 U. P. ... ..	1,016	1,169

Closing balance .. ..	5,026.3	5,609.5			
Total ... ..	28,478.9	32,275.3			

9. The number of retail shops remained the same as last year.

10. The income from Abkari for the 2 years was as follows :—

	1923-24. Rs.	1924-25. Rs.
Duty ... ..	55,668	72,345
License fee ... ..	19,157	16,524
Fines ... ..	687	1,402
Miscellaneous ... ..	361	306
	<u>75,873</u>	<u>90,577</u>

Compensation.

11. The fixed amount of Abkari compensation to the three Jagirdars was distributed as usual :—

	Rs.
Jagirdar of Thakurda ... ..	750.
Tankedar of Khedasa ... ..	100
Jagirdar of Ramgarh ... ..	285
	<u>1,135</u>

Rates.

12. There was no change in the rates of purchase and sale of liquor by retail sellers.

Cases.

13. There were 156 cases this year against 131 in the previous year of illegal distillation, smuggling etc. and all were disposed of.

Opium.

14. Opium and hemp drugs are sold departmentally through Customs Nakas and Commission Agents.

15. The total quantity of opium sold during the year was 2985 lbs. as compared with 3011 lbs. in the previous year. The net income under this head was Rs. 20,728 compared with Rs. 18,721 of the preceding year. The rise in income inspite of the fall in quantity of opium sold is due to the fact that the drug was obtained cheaply during the year and with a view to discourage its use the sale price was not reduced.

Hemp drugs.

16. The profit on Ganja and Bhang was Rs. 2,129 against Rs. 2,648 in the previous year.

Offences.

17. 14 offences against the opium rules were reported during the year.

## Chapter V.

## FOREST DEPARTMENT.

1. Pandit Sadashiva Pathak was in charge of the department.

Charge.

2. The income from timber, minor forest products and grazing fees etc. aggregated Rs. 23,017 against Rs. 21,146 of the last year. The expenditure during the year amounted to Rs. 13,017 against Rs. 12,661 of the preceding one.

Income and  
Expenditure.

3. Timber of the aggregate valuable of Rs. 11,000 was supplied free to cultivators and bhils from reserve forests and they were allowed, free of cost, firewood and grass from 2nd class reserve forests.

Free issue of  
Timber, fire-  
wood and  
grass.

4. The success attending experiments carried on with coppice growths and bamboo shoots has been satisfactory. Efforts are being made to raise Dalbergia, Sissam and Tun in areas where they are not growing and, to gain this object, seeds were sown in the Chundawara nursery and at Dungarpur, but soon after they had germinated the rains ceased, rendering transplantation out of question this year.

New planta-  
tions and  
improve-  
ments.

5. There was no change in the class and number of reserve forests.

Reserve  
Forests.

6. Rs. 2,053 were expended in mending old ricks and putting up two fresh ones. The total stock of grass reserve in 22 ricks weighs about 37,586 maunds Udaishahi.

Grass  
Reserve.

7. There were 2 forest fires during the year which burnt down an area of nearly 9 square miles. Counter fire measures were immediately adopted and the devastation of wider area was prevented. In neither case was the perpetrator of the crime traced for immediately a fire is seen the staff is fully engaged in efforts to extinguish it, and to prevent it spreading and the offender makes good his escape. The fires occurred in jungles situated on the border and this gives rise to a strong suspicion that the perpetrators belonged to other States.

Forests Fires

8. There was no change in the management of game preserves. Facilities were provided for wild animals to get drinking water easily.

Game Pre-  
serves,  
Shikargah.

9. Statistics of cases for the year under report as compared with the previous one are given in the table below :—

## Chapter VI.

### JUDICIAL DEPARTMENT.

#### (a) *The Shasan Sabha or Legislative Council.*

- Personnel.** 1. There was no change in the personnel of the Council which is composed of State Officials, Sardars and leading citizens. The Diwan is the *ex-officio* President of the Sabha.
- Functions.** 2. In the Council are vested, on the original side, the powers of a court of Sessions in Criminal cases, and of a High Court in civil suits. For administration of justice on the appellate side this is the highest court under the Darbar.
- Case Work.** 3. The Council held 59 sittings during the year under report. Full particulars of cases disposed by the Sabha are set out in Appendices III to V. Of the 11 serious cases against 8 of the last year committed by the Lower Court, eight were decided, leaving 3 pending. Of the 47 civil and 27 criminal appeals instituted on the Appellate side all were disposed of, save 15 of the former and 2 of the latter.

#### (b) *Judicial Courts.*

- Charge** 4. Mr. Sewaklal was 1st Class Magistrate and Civil Judge throughout the year. Appeals against the decision of the lower courts of the second class Magistrates and Munsiffs at Dungarpur and Sagwara lie in his court. He was also responsible for the supervision of the Jail and Izlai Ghaii departments.
- Additional powers to the Munsiff.** 5. In February 1924, the Munsiff at Sagwara was experimentally given powers to entertain suits upto the value of Rs. 300. The experiment was so great a success that the powers were permanently vested in him.
- Case Work.** 6. Full details of the cases instituted in and disposed of by the various courts are embodied in Appendices III to V. A brief report however, is given below :—
- (i) *Criminal*—534 offences were reported against 517 of the previous year. Of the 995 persons produced or appearing in court, 397 were released, 386 acquitted, 23 committed to the Shasan Sabha, 145 sentenced and 8 handed over to other States, leaving 36 awaiting trial at the close of the year.
- (ii) *Appeals*—(a) *Criminal*—Two appeals were filed during the year one was disposed of and the other was pending.
- (b) *Civil*—Nine were filed during the year and one was pending from the last year. Seven out of these were disposed of leaving 3 undecided.

7. 75 cases were pending from the previous year, and 338 reported during the year making a total of 413. Of these 359 were disposed leaving 54 balance at the end of the year.

Miscellaneous Cases.

8. Cases under Section 498 I. P. C. were made over to the Bhil Panchayat under special orders to get them decided by arbitration.

9. The disposal of civil suits and applications for execution of decrees during the year is compared with those of the previous one in the following table :—

Nature of suits.	Year.	Pending from the last year.	Instituted.	Total.	Disposed of	Pending at the close of the year.

10. The total income from fines, court fees and unclaimed property was Rs. 18,022 against Rs. 14,085 of the last year.

(c) *Izlai Ghair.*

11. All cases concerning boundary disputes as well as those between the subjects of Dungarpur and neighbouring States are dealt with by this branch. Cases in which one or both of the parties residing in Dungarpur or Mewar are not Bhils used to be referred to the Court of Vakeels at Udaipur, but since the conclusion of an extradition agreement with Mewar in September 1923, this practice has been stopped. Cases in which one party belongs to the State in the Bombay Presidency are disposed of by Border Court.

12. Pandit Ganpatlal was in charge of the department in addition to his other duty of Nazrat under the supervision of the Judicial Officer.

Charge.

13. Reciprocal extradition arrangements exist between this State and British India and several other States. Efforts are being made to extend them to more States. The extradition arrangements agreed upon between Dungarpur and Mewar last year tentatively for a year have been extended for another year.

Extradition.

14. Mr. Saddruddin, who was the Darbar Vakil with the Resident in Mewar is an *ex-officio* member of the Court. Since extradition arrangements have been introduced between Mewar and Dungarpur no fresh cases have been instituted in this Court. An old case pending against Dungarpur was disposed of leaving no balance. Of the 5 cases pending against Mewar 3 were disposed of leaving 2 cases pending at the close of the year.

Panchayat Court.

Border Court 15. No Border Courts were held during the year under report.

(d) Jail.

Charge. 16. Sayyad Imam Ali was in charge of the Jail.

Prisoners and Expenditure 17. The following table gives the statistics:—

Year.	Number of convicts.							Average period prisoners remained under trial.
	From last year.	Admissions during the year.	Total.	Released or died.	Balance at the close of the year.	Daily average.	Total expenditure.

1924-25 ...	48	121	169	109	60	49	4,099	18

General health 18. The general health of prisoners was quite satisfactory and there was no death among them during the year.

Jail Industries. 19. Cloth and Durries of the aggregate value of Rs. 1,756 were manufactured during the year, of which goods worth Rs. 1,006 were sold.

## Chapter VII.

### POLICE AND ARMY.

Personnel 1. Thakur Ranjitsingh remained in charge of both these departments as Superintendent of Police and Fauj Bukshi except for a period of 3 months and 9 days when Gaur Girjashanker, Inspector, was in charge.

Strength. 2. The strength of the Police force was 267 in the year under review against 266 of last year. The increase of one in the number is due to the new sanction of a candidate to be sent up for Police training.

3. There were 14 vacancies at the end of the year for want of candidates of the right stamp.

4. There are 205 police available for watch and ward. The proportion of police to area and population is one to every 7 miles and to every 923 souls.

5. A posse of 20 chowkidars is maintained by the Darbar. The Municipality pays a moiety of their expenses.

6. The Police are clothed in Khaki and armed with 100 Martini Henry Carbines, 50 muzzle loading guns and 25303 rifles. The last were supplied to the Darbar by the Government of India. The number of

arms is still inadequate for a hilly State like Dungarpur.

7. *Rewards.*—32 officers rank and file received increments in pay for good works. Punishment  
and  
Rewards.

*Punishment.*—One constable was punished judicially and 96 were punished departmentally. The majority of the men in the force are illiterate and the disinclination of the literate men to enter it as constables is deplorable. A School master has been appointed to teach Hindi.

8. No dacoity was reported during the year under review. 229 serious cases were registered during the year against 241 of the last year showing a decrease of 12. Offences.

9. In the table below the investigation work of the Police during the year is compared with that of the last year:—

Year.	Number of Crimes.	Number of persons.						Of those challaned.				Percentage of persons convicted to those.	
		Pending investigation at the close of the last year.	Reported during the year.	Total.	Released by Police offences not being proved	Ohallaned.	Pending investigation at the close of the year.	Convicted.	Acquitted or discharged.	Pending trial in Court	Total.	Arrested.	Challaned.

## Chapter X.

### EDUCATION DEPARTMENT.

Charge.

1. Pandit Ramchandra Sharma B.A., was in uninterrupted charge of the department as Superintendent of Education and Headmaster of the Pinhey School at the Capital.

Schools.

2. No pains are spared to make education popular and bring under the influence of civilization those who have been deprived of the privilege on account of the physical isolation of the country from civilized centres. The task was undertaken late in the day but the success achieved within a comparatively short time inspires those engaged in this noble work with hope and courage. Attention and exertion are for the present confined to the improvement of the quality of the schools already existing and to

increasing the number of scholars in them rather than to increasing the number of institutions. It is a happy sign of the times that the Bhil is now showing increasing interest in education and in some places Bhil girls are found taking lessons with boys. The number of schools during the year remained at 20 as last year, but the number of scholars rose from 1,648 to 1,695, by no means a less creditable increase in view of the nature of the environments in which work is done.

3. The school imparts education upto the middle standard only. The clamour for High School education is loud and persistent but the drag from the wheel has not yet been removed by the High School Board Authorities. The number of boys borne on the roll was 514 against 508 of the previous year.

A. V. Pinhey  
School.

4. One teacher was sent for training while one Pandit was transferred to the local Ayurvedic dispensary.

5. Some of the rooms of the old school which are not adequately lit and airy are now proving too small to accommodate the growing classes.

Accommoda-  
tion.

6. The necessity of putting up a compound wall to the south to make the building self-contained is keenly felt. The straying of cattle and passing of people over the school ground while classes are at work is objectionable.

Compound.

7. The Rajput Boarding House is under construction.

The Rajput  
Boarding  
House.

8. These continued to receive the attention they deserve.

reMorm and  
eligious Edu-  
cation and  
Games.

9. The school showed a marked progress under the new Head Mistress. Needle work was also taught to the girls. The number on roll was 78, showing an increase of 10 over last year's figures.

Sri Devendr  
Girl's School.

10. The total expenditure during the year was Rs. 21,524 against Rs. 21,917 of the past year.

### MUNICIPAL BOARD.

#### (a) Central Board Dungarpur.

1. There were no constitutional changes during the year of review. Gandhi Nathulal was Honorary President, Seth Gulabchand Dowda and Kisturchand Kotaria, were Honorary Vice Presidents, and Babu Prabhu Das was the Secretary of the Board. Of the 18 members, 3 are State officials and 15 elected from the Bazaar.

#### (b) Sub-Committees.

There 2 sub-committees, one at Sagwara and the other at Galiakot. They are under the central Board. The Committee at Sagwara is presided over by the local Magistrate and that at Galiakot by the Thane-dar. The Executive Council approved of the appointment of Seth Kishorlal as Vice President at Sagwara and Seth Hukamchand at Galiakot.

2. Great improvement is shown in the sanitary and lighting arrangements at the Capital. A new well was constructed, portions of the road were laid out and various repairs were executed. The Sarai at Sagwara has been nearly completed.

3. A Vaidya and a Hakim are in the service of the Board to give free treatment to the people. The Board contributes a substantial amount for the treatment of snake bites which is a common complaint during the rains and used to levy a heavy toll of victims not very long ago. Rs. 300 were contributed towards the maintenance of the Ducat Library and Rs. 200 for Child Welfare.

Philanthropic works.

4. The statement below gives the income and expenditure of the Board during the year compared with last year's. The main source of income is Octroi taxation recovered through the Customs Department.
